

【Shenzhen】 Little Mug Camp Edutainment to inspire children at theme camp!

Many children play video games on gadgets all day long, but too much exposure to electronic products may affect brain development or cause other problems. Say goodbye to electronic products and go on holiday with your children in Little Mug Camp -- a place to experience nature and educational entertainment. There are seven themed areas, including the Mushroom Farm, Fantasy Flower Garden, Sparking Sandy Beach, Explorer Hill, Fantasy Forest, Music Lawn and Natural Museum, plus some 20 play items. Children can touch, play and learn with their body and all five senses, thereby learning different key words of growth, such as responsibility, courage, perseverance, and so on. There are tutors in each themed area. So, parents can have fun together or take a rest nearby.

The big mushroom cottage on the Mushroom Farm looks like it is literally taken out of a fairy tale. The pottery classes inside can stimulate children's artistic talent and creativity, and train their concentration too. There is a graffiti mud pool outside. Children can walk into the mud and play at will. They can draw and even paint their faces with the mud for a full-blown physical and tactile experience. Don't forget to bring spare clothing for your children! In this area, children can also get a taste of what it's like to grow plants and crops. They can learn more about farming and understand the importance of cherishing food.

The Fantasy Flower Garden houses a nature's kitchen with a variety of utensils. Children can take part in role-playing and cook with their peers. This area also offers a variety of painting classes where children are taught to paint straw hats, masks, and clothes. There is also a craftsman's workshop where children can learn simple carpentering. They can make exquisite woodcrafts with popsicle sticks and feel proud of it!

The Explorer Hill is a good place for children to release their energy. The small suspension bridge, rope net and other amusement facilities are designed to challenge children's courage and hand-foot coordination. It is an adventure paradise in children's eyes.

In the Fantasy Forest, there is a small fish pond for children to fish and catch shrimps. They can exercise their concentration and patience in the process. Meanwhile, the Sparking Sandy Beach includes slides and a sand pond with sand digging tools. Kids who love playing sand would simply refuse to leave!

【Little Mud Camp】

Address: South Gate 1, Bantian Yunli Smart Park, Longgang District, Shenzhen
