Reading at the beautiful Shenzhen seaside library!

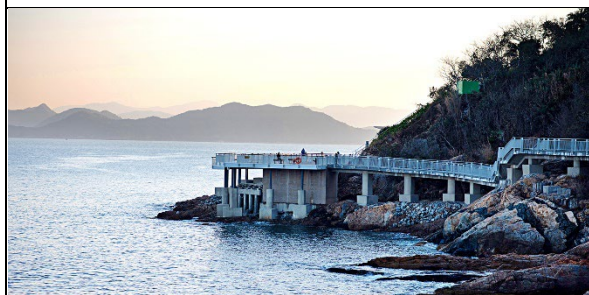

Libraries are always perceived as boring, but in Yantian District, Shenzhen you may want to visit the 10 smart libraries like you have never seen before. Each of them has a unique design and theme to arouse your curiosity and interest in reading. The Lighthouse Library is one of the must-sees. The snow-white lighthouse looks like a beacon guiding you through the journey of life.

The four-storey Lighthouse Library has a collection of nearly 4,000 books. Most of them are about natural science. Take your time and pick one that interests you. The interior design features the soft colour of natural wood. Slender floor-to-ceiling windows are installed between bookshelves. When you are looking for a book, you can see the blue sea out there. The minimalist design falls against the backdrop of natural scenery, which makes a unity of nature and man. Just relax in the cozy surroundings of this heaven of books.

The seaside reading area on the second floor has full-length windows in place for great natural lighting. After reading for some time, rest your eyes by looking over the coast and the mountains on the other side. This will surely refresh your mind. While you are likely to be tempted to take photos and check in to this stunning location, don't forget to keep quiet. There are also seats in the open area. Feel free to chit-chat with your friends outdoor in the sea breeze.

The Lighthouse Library is located at the beautiful Yantian Greenway. The 19.5 km promenade is blessed with excellent scenery. You can walk or cycle along the way to enjoy the geological landscapes as well as the observation decks. Don't miss out on the delicious food in Yantian Seafood Street afterwards. There are many more attractions near the library. Have a day full of fun! Kind reminder: There is a limit on the number of visitors. You may want to make a reservation through the WeChat official account of the Lighthouse Library.
