The Wooderful Land, an indoor wooden playground created by the Taiwanese brand Wooderful Life featuring a vivid forest setting, brings greenery into the city and everyone closer to nature. The Wooderful Land is thoughtfully designed with play areas suitable for both active and passive participation, including Wood Knowledge, Fun Physical Area, Interactive Game Area, Breakthrough Area, Active Game Area, Puzzle Area, as well as Kids and Family Activity Area. Through various interactive games, children can learn about trees and physics and train their senses. It is a must-see family attraction that teaches and entertains.

The most popular game facility is the wooden Thrilling Ziplining in the Active Game Area. The swing flies through the air in semi-high speed along the ropes, making it fun and exciting for both children and adults. There are also other facilities, such as Bridge in Clouds, Bowling Game-Pirate, Table football and Balance Beams, to train children’s physical skills.

There are also a variety of games for children with different preferences in the Puzzle Area, Fun Physical Area and Kids and Family Activity Area, such as Pile up-Gem, Memory Game, Wooden Screw Block, F1 Sliding Car, Rocking Horse, Swing Seat and many more! Parents can experience and even compete with their children, training their concentration as well as hand, eye and brain coordination, while building parent-child interaction and emotional communication at the same time. It is definitely an ideal place for quality time with kids.

There are also a variety of games for children with different preferences in the Puzzle Area, Fun Physical Area and Kids and Family Activity Area, such as Pile up-Gem, Memory Game, Wooden Screw Block, F1 Sliding Car, Rocking Horse, Swing Seat and many more! Parents can experience and even compete with their children, training their concentration as well as hand, eye and brain coordination, while building parent-child interaction and emotional communication at the same time. It is definitely an ideal place for quality time with kids.

There are plenty of resting facilities inside the playground, so you can take a break when you get tired from playing. What's more, the brand attaches importance to sustainability and safety. All facilities are made from wood from legal and sustainable forests, and non-toxic water-based paints are used. Parents can be rest assured that their children will have fun in a toxic-free environment!

As a gentle reminder, each play session lasts for 2 hours only. Before visiting, remember to plan your play time for each area, and bring your own grip socks or buy them on site for a safe fun day.

**【The Wooderful Land (Shenzhen Yitian Holiday Plaza Shop)】**
