

【Shenzhen】 A bite of cartoonish cheese

Savor every taste of sweetness

	<p>Lovely cheese chunks that are often stolen by mice in cartoons have finally become a reality! Despite its inconspicuous location between two parks, “evening · the Sweet Den” (evening · 小甜間) has distinguished itself with daintily-styled decorations and food that reflect in detail the efforts and child-like innocence of the post-80s owner. With a toy-themed décor, hand-written menus and two puppies, the restaurant presents a heart-warming and home-like dining experience.</p> <p>Among all the home-made desserts here, Cute Cheese, resembling cheese chunks in cartoons, is the most sought-after signature cheese cake. Made of premium French cheese, it gives a thick creamy texture and a rich flavour with balanced sweetness that no one would ever get tired of another bite.</p>
	<p>You should not miss the soft, fluffy yet moderately moist Chiffon Cake Slice with Valrhona Hazelnut Cream, and also the Salted Oreo Cake Roll which provides a multi-layered texture with its Oreo fillings. The coffee served here, all thoughtfully crafted, is brewed from coffee beans roasted within a month to ensure a fresh and mellow taste. For those who are not a fan of black coffee, the coconut milk latte which is sweeter and smoother is a great choice to please the palate.</p>
