

【Shenzhen】 Evergreen Resort Your own Amazon and Jurassic Park adventures!

Evergreen Resort, a national 4A scenic spot and one of the top ten scenic spots in Shenzhen, is an ideal place for eco-tourism offering agricultural and sightseeing attractions in one place. The Resort features several theme zones -- Rainforest, Jurassic Park, Melon Park, Butterfly Farm, Ecological Exhibit, Pottery House and so on -- to let you embrace and experience nature in a diversified way. Get away from the urban hustle and enjoy the unusual countryside fun!

The Tropical Rainforest is certainly the most popular theme among all. In a jungle setting with artificial rain mist like real, you would think you were actually in the Amazon! The rainbow bridge is yet another must-see. Stand on the bridge and look up to the colourful arch right above your head amid the sunshine and the artificial rain. Also visit the treehouses in the Resort for a taste of treetop living.
Friendly reminder: Free umbrellas are provided in the Resort. Don't worry about getting wet at all.

Meet exotic plants and different animals in the rainforest, and even the gigantic pirarucu fish from the Amazon river.

The Jurassic Park theme zone is another hot check-in spot. Come face to face with lifelike dinosaurs of different kinds and looks. Get dressed up as a Jurassic Park hero or heroine. Look at the camera and be cool!

The Resort is also a place for art fans. Get immersed in the artistic exhibits at Pottery House or pay for a nice ceramic-making class. Artworks made from recycled waste such as old CDs and soda cans are also there for your appreciation. Going green can be awesome!
