

**【Shenzhen】 Buzzing camping bar**  
**A lively stomping ground beyond imagination for youngsters!**

Located in Bantian, Longgang District, the first phase of Galaxy WORLD·COCO Park spans across about 40,000 square metres, with two underground levels, four above-ground floors and a rooftop garden. The second phase is scheduled to open in 2025 with a gross floor area of around 120,000 square metres, making the mall the largest among the three COCO Parks in Shenzhen! Positioned as a cutting-edge centre of culture, creativity and lifestyle, the mall builds on COCO Park’s popularity among the young generation with a focus on internet-famous food, fast fashion, and an afternoon tea and bar culture of “coffee by day, alcohol by night”. In addition, music festivals and themed bazaars are often held in the outdoor area of the mall, along with pop-up events like large-scale art installations and trendy IP exhibitions.

The piazza is taken over by an eye-catching and popular camping ground on which a camping-themed bar, “Quye CAMP” (趣野 CAMP), is situated. Perfectly tapping into the current camping craze, it provides a spacious venue that opens from the afternoon to small hours. Whether you are hanging out with a few friends or a large party, the bar offers everything from tea gatherings during the day to barbecues and drinks at night—just the way young folks would like to spend their time these days.

Every night at “Quye CAMP”, singers are invited to perform and pump up the lively atmosphere to the max. Far from a watering hole, it’s more like a massive clubbing spot that goes way beyond your imagination. All you have to do is to dive right in and enjoy an exciting and cosy evening.
