

【Shenzhen】 Indoor sport centre Experience of extreme sports and relaxation!

Apart from children's playgrounds, indoor sports centres that allow an experience of extreme sports and relaxation are also one of the popular options for family activities. Gjump, a one-stop sports complex in the mall combining the advantages of a convenient location with an expansive venue, houses over 30 themed challenges and entertainment facilities in an area of 2,600 square metres, presenting trampolines, huge slides and sponge pools for children. Physically demanding yet stress-relieving features ranging from zip lines and aerial swings to rock climbing are also available for adults. Easy and enjoyable, trampolines are open to people of all ages who may choose to learn beginner or advanced moves under the guidance of professional staff. With practices, you might even discover a hidden talent!

Brave minds can challenge themselves in Leap of Faith and Elevated Logs, if not a more exciting 360-degree bike ride in mid-air that can only be seen in a circus! Without time limit during their visit, both parents and their children can enjoy unlimited entries to all the features to their liking in one go, fulfilling their needs to break a sweat and have a quality family time.

【Gjump Sports Park】
