**Experience the glass-floored platform 600 metres in the air!**

Completed in 2017, the 118-storey Ping An Finance Center in Shenzhen has replaced Taipei 101 and One World Trade Center as the world's tallest office building by available floors and total height. Located on the 116th floor, the Free Sky Yunji Sightseeing Floor rises high above the clouds, giving visitors a 360-degree bird's-eye view of the surrounding landscape. Apart from Shenzhen city centre, you can also see Shenzhen Bay, Shekou, Hong Kong's Mai Po Nature Reserve, part of the northern New Territories, the ridgeline from Tai Po to Sha Tin, the International Finance Centre (IFC) and the International Commerce Centre (ICC). If you are up for a challenge, step onto the glass-floored platform and experience what it's like to be suspended 600 metres in the air!
